Sustaining Member

Industry Member

Industry Associate Member (1st year only)

Small Business Member

Government/Non-Profit Member

University/Education Member

All members may participate in membership meetings, hold office, participate in NHA programs and committees, elect representatives to the Board of Directors as detailed below, and exercise other rights and responsibilities as determined by the Association.

Sustaining Members

Open to all organizations that are eligible for any of the other three membership classes, that prefer the benefits of increased participation in all NHA programs without additional fee and assurance of a seat on the NHA Board of Directors, up to a bylaw-defined limit.

Industry Members

Open to all business organizations including corporations, partnerships, public or private utilities; major buyers or users of hydrogen; and highly qualified individuals, provided such organization or individual is interested or involved in the production, storage, transportation, utilization, or technology related to hydrogen in the United States, or is otherwise associated therewith, are eligible for membership as Industry Members. Full Industry Members are entitled to proportionate representation on the Board of Directors.

An organization or individual eligible for Industry Membership may apply for election as a full Industry Member, or as an Associate Industry Member. For one year after election, as Associate Industry Member shall pay annual dues equal to 75% of the Industry Member annual dues, and be ineligible to vote or hold office. Thereafter, the Associate Industry Member shall be considered a full Industry Member, with all the rights and obligations of such membership.

Government/Non-Profit Members

Open to all government agencies, departments, and research laboratories other than those eligible for Industry Membership; and all non-profit organizations, interested or involved in hydrogen production, storage, transportation, utilization or technologies.

Government/Non-Profit Members are entitled to proportionate representation on the Board of Directors.

Small Business Members

Small Business Members are organizations which, except for size, would be qualified to be Industry Members. Small businesses are those that have fewer than 50 employees.

Small Business Members are entitled to proportionate representation on the Board of Directors.

University/Education Members

Universities, education organizations, and highly qualified individuals dedicated to education, research scholarship, or other academic or theoretical pursuits relating to hydrogen production, storage, transportation, utilization or technologies, are eligible for membership as University/Education Members.

University/Education Members are entitled to proportionate representation on the Board of Directors.
